MRS. MARY LOGAN PASSES AWAY IN KOREA

Lovely Character Succumbs in Far-Off Land Where She Worked For Her Master

A cablegram to Mr. Lewis N. Neale on Wednesday, conveyed to the family and friends of this community, the news of the death of Mrs. Mary Lee Logan, widow of Dr. J. V. Logan, in the Severance Hospital at Seoul, Korea, on Sunday, Dec. 7, 1919. The news was not wholly unexpected since a cable on Nov. 18th to her brother, Mr. Newland Jones, of Phoenix, Arizona, had told of her serious illness; and a letter to her sister, Mrs. B. Howard Neale, written from the Severance Hospital, had stated that she was among friends, was attended by English nurses and doctors and was having every attention and kindness that could be extended her.

It will not be known until later whether it was her wish to be buried in the beautiful cemetery of the Missionaries in Korea or that her body be returned to Richmond to sleep with her very own in the cemetery here.

Mrs. Logan was born Sept. 17, 1856 and was therefore in her 64th year. She was the younger daughter of the late Newland Jones and his wife, Mary J. Peyton, wealthy and prominent citizens of Madison county, in their day. On both sides she was descended from families who have contributed much to Madison county since pioneer days and who occupied prominent positions in both state and church in the colonial history of Virginia. She was gifted with beauty and charm, broad sympathies, generous impulses and noble ideals, all of which enabled her to carve out for herself an unusual life of beautiful service.

In early girlhood, she was married to Dr. J. P. Herndon and their home, one of the most beautiful at that time in Richmond, was noted for its hospitality and the many delightful guests who came and went. Dr. Herndon died in 1891 and after several years of widowhood, she was united in marriage to Dr. J. V. Logan, President of Central University of Kentucky. Through all of the years her life was given in a most useful manner in visiting the sick, comforting the bereaved, helping the poor, and inspiring the young. Her special work seemed to be to furnish inspiration to the students at Central University and to help them in finding the careers for which they were fitted in life. To these young men, now in the midst of life's service, the news of her death will come with peculiar sadness.

After the death of Dr. Logan in 1908, Mrs. Logan determined to give the remainder of her life to the foreign mission work of her church, and in February, 1909, she sailed for Korea, to become a part of the Presbyterian Mission there. She established her own home, had her own trained servants, learned the language of the Koreans, and in the eleven years, has accomplished a great work for her Master, among the heathen women and children of Korea. Many friends from the United States have visited her in her home there, among them Miss Belle Bennett and Miss Belle Breck, formerly of Richmond. Mrs. Broadhead, of Versailles, now in Japan, was to have been her guest in the near future.

She is survived by one sister, Mrs. B. H. Neale, and one brother, Mr. Newland Jones, of Arizona. Her memory will ever be cherished by not only her family, but by a host of friends and relatives throughout the country. It has been given to but few to achieve so many of life's ideals.

"Her genius may be found in her living work; She has walked to join the chorus of the just."

CHICAGO GETS G. O. P. CONVENTION

(By Associated Press)
Washington, December 11.—The Republican National Committee has selected Chicago and Tuesday, June 8, to be the place and time for the national convention, at which the party's 1920 candidate for President will be nominated.

On the roll call Chicago mustered 44 votes to nine for St. Louis, whose boosters had made a stubborn fight for the honor. The choice of the convention date was unanimous.

The committee also authorized the establishment of two departments of party organization to deal respectively with policies and general party welfare.

CLOTHING PRICES HIGHER NEXT YEAR

(By Associated Press)
Chicago, Dec. 11.—Clothing prices will continue upward next spring, Charles E. Wry, secretary of the National Association of Retail Clothiers, announced today. He said suits priced at \$25 before the war, now selling for \$50, will bring \$60 or more in the spring. Demoralization of the clothing industry incident to the army uniforms, greatly increased labor costs and shortage of labor due to stoppage of wholesale immigration, are responsible, he said.

BEREA BEATS LOCAL BASKET BALL TEAM

The Epworth League basketball team from Berea came down Wednesday night and gave the E. K. Normal five a workout in preparation for the game which the Normal boys will play against Cumberland College at Williamsburg Friday night. Coach McCoy used 15 men in all, in an effort to sift them out and see just what his players are capable of doing. The Berea team, which was made up of experienced players, had no trouble in playing rings around the Normal novices, the final score being 36 to 3. Coach McCoy has some good material if he can just get it rounded into shape.

TROUBLE OVER A MERE MAN CAUSES SHOOTING

Trouble over one of their husbands caused an unpleasantness to arise between Mary Turner and Bessie Grubbs, two ladies of color. As a result of the matter, the Turner woman took a shot at Bessie with a pistol as she was on her way home to the White Hall section the other evening. The shot penetrated the seat of the buggy in which the victim was riding but did not other damage, and she quickly "whipped up" her steed and got away before any real damage could be done. The Grubbs woman was arrested on a warrant and will have a hearing before County Judge W. K. Price in county court Friday.

CAN'T GET WORKERS OUT OF LOUISVILLE

Courier-Journal Refuses To Accept Advertising From Firm Building Our Sewers

The necessity for local working men rallying to the assistance of the contractors who are engaged upon the street and sewer work for Richmond has been made more apparent than ever. The Messrs. McLane Company has been advertising for help here, and endeavored to advertise in the Courier-Journal at Louisville, thinking possibly to obtain some badly needed workmen from the Falls City. A letter from the Courier-Journal Thursday, however, brought a declaration of the advertising on the ground that Louisville industries need men and the Courier-Journal does not feel that it should carry advertisements to take workmen out of the city when they are so badly needed at home. The letter from the paper shows a striking condition of affairs, that probably has not been properly understood before. It follows:

December 9, 1919.
John B. McLane & Company,
Richmond, Ky.,
Gentlemen:—

Answering your letter of December 6th. The labor situation in Louisville has been for the past several months very serious. Practically all of the leading mercantile and manufacturing concerns have been seriously handicapped by a shortage of labor.

In view of the fact that our local establishments are straining every effort to get help both out of town and in Louisville, it would hardly be constant for us to run advertisements which would have a tendency to take help out of Louisville. Therefore under the circumstances we feel that we cannot run your advertisement, and are returning same to you. Regretting our inability to serve you in this instance, we are

Yours truly,
H. M. ROGERS,

OFFICER'S BRUTALITY SWORN TO AT TRIAL

New York, Dec. 11.—Testimony that Capt. Karl W. Detzer had struck military prisoners in France in the face, and ordered his sergeants to "beat them up," in order to force "confessions," was given today by three witnesses when Detzer was placed on trial on Governor's Island. The offenses with which Captain Detzer is charged took place, it is said, while he was in charge of "criminal investigation" in the LeMans area. The defendant was in command of the Third Hundred and Eighth Military Police Company.

George W. Williams, of Cornington, Iowa, a discharged private asserted that, after he had been slapped by Detzer, the Captain ordered Sergeants U. S. Madden and Frank L. Hoyt, "to take him out in the yard and make him come clean." Williams declared that while Hoyt held his hands behind his back Madden beat him until, fearing he was to be "killed," he signed a statement which he believed was to the effect that he had stolen government property.

Private Thomas J. McAdams, now attached to the Fifth Guard Company, on Governor's Island testified that, after having been "picked up" on the street at a time when he was an attending patient at a base hospital, he had been beaten by Sergeant Hoyt Detzer, he said, came into the room, asked him why he did not confess a certain crime so that he would not be beaten any more, and left after Hoyt said: "Get out of the room Captain, while I give him some more."

Baptists Plan Big Budget

The Baptist State Board of Missions has appropriated \$1,300,000, the largest budget in its history, and an additional \$110,000 from the oversubscription to the Baptist \$75,000,000 campaign was voted as a nucleus to the \$1,000,000 fund to be raised to erect new buildings for the Southern Baptist Theological Seminary.

SHERIFF READY TO SETTLE WITH STATE

Sheriff P. S. Whitlock is preparing to make a trip to Frankfort about Monday to make his annual tax settlement with the Auditor. He will pay over to the state something like \$94,000 as Madison county's taxes for this year. Altogether the Sheriff has collected about \$150,000 in taxes with many still delinquent. The county's part of the taxes have not yet been certified to the sheriff but the county gets a large share, too. The new tax laws have greatly increased the amount of money that Madison people pay into both the state and county treasuries.

BALLARD PICKS HIS SEAT IN THE HOUSE

Hon. Leonard Ballard, who will represent old Madison in the House in the coming session of the Kentucky legislature, attended the inauguration ceremonies at Frankfort Tuesday. While he was there, he went to the state library and selected his seat for the session. He got seat No. 23, in a good position, where he will be able to see all that is going on and have a part in all proceedings. Mr. Ballard met many prominent republicans from all over the state and was given a cordial welcome and congratulations by all. With a republican majority in the Lower House he will be in a splendid position to do a lot of good for his county and people, and he says that he intends to work hard and faithfully to that purpose.

MINERS WELL PLEASED WITH SETTLEMENT

Wilson's Plan Seems To Have Satisfied All Sides And Coal Troubles Seem Over

(By Associated Press)
Indianapolis, Dec. 11.—All sides of the coal controversy, just ended, were highly satisfied today with the agreement reached by the miners' general committee yesterday ending the strike. The miners are especially pleased with the idea of the appointment of a commission, composed of one miner, one operator and a third person, not affiliated with either, to investigate wages and coal prices and fix both at reasonable figures.

Another feature highly satisfactory to the miners is the provision for settlement by the commission of the internal questions peculiar to each district, which will go far toward eliminating the irritating differentials over wages.

Mine operators on their part promised to bend every energy toward resumption of normal operations.

Restrictions Still Hold

Washington, Dec. 11.—There are no indications today of any immediate relaxation of the restrictions on coal consumption, notwithstanding the settlement of the coal strike.

Wilson Thanks Lewis

Washington, Dec. 11.—President Wilson today telegraphed Acting President Lewis of the coal miners union, his appreciation of the "patriotic action" taken by the miners' representatives yesterday in ending the coal strike at Indianapolis yesterday. "Now we must all work together to see that a settlement just and fair to everyone is reached without delay," the message concluded.

ASK YOUR BANK'S ADVICE

The old days when the farmer took his money home and hid it in the mattress or under the floor have passed away, but in too many instances he has not learned how to get the fullest service out of his bank. Charles Moreau Harger, country editor and banker, in The Country Gentleman of December 13th. And the farmer is paying in good hard cash for not telling all his troubles to the man who watches over his checking account.

Not very long ago, nice, well-dressed men in big, high-powered cars drove through the country presenting a scheme to upset the "implement trust." A million farmers could build a huge factory, get large dividends on the stock and buy farm machinery much cheaper than the local dealer could sell it.

"We don't want your money"—it's always easier to get a note than cash—"just your note due in six months." Thousands of farmers gave their notes and have since paid them. They have some of the prettiest green-and-gold stock certificates ever engraved, but that's all—the scheme never got much beyond the stock-selling stage. It is not likely that any banker would have advised a customer to invest in such a proposition.

"I know one farmer who paid \$1500 for 100 shares of stock which he bought through an agent. I bought 100 shares of the same stock through our Kansas City broker for \$475.00," said G. W. Hanna, president of the People's Bank at Clay Center, Kansas. Scores of such cases have come to his attention.

A farmer was talked into signing up for \$2000 worth of stock in a new oil company. He worried all night over the deal and next morning hurried round to his bank. The banker was quite sure that stock would never pay any dividends, but it was too late for him to lend a helping hand; the farmer had given a check and a note.

It isn't only in the country that people are taking long chances in the hope of getting rich quick; the newspapers are full of stories of city people who have fallen under the lure of the big dividend.

The point Mr. Harger brings out is that our banker has to know about securities to do business; if you want to invest, ask his advice. And this is only part of the service he will give you. Every day in the week bankers are encouraging reliable men to borrow money, to buy more land or more livestock; they are also advising men not to borrow money to buy new cars and other things they can't afford. The business men has no secrets from his banker; farmers ought to follow this example.

Centre, Again

The editor of the Fairmont, West Virginia, Times who slandered the Centre College football team by a lengthy screed claiming that a number of "ringers" or professionals were played on the championship eleven, has written a letter of abject apology to President Ganfield. He gives his authority, and when simmered down it is nothing but a lot of hotel lobby rumors and pool room talk, wholly inadequate it seems to us, for a reputable newspaper to use as a base for such charges as the West Virginia paper made against the integrity of the Centre team. But it is always thus. No man or cause ever rose to greatness but what there were a lot of jealous little fieses snipping and snarling at its heels. Centre has a game with Harvard booked for its next season's schedule, the date being Oct. 23, 1920. And Walter Camp puts two of its crack players on the first All-American eleven and another on the third team he picks this week. Centre has won rightly its place and can afford to have all the little critics and little sports say what they please.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance. Even with Corns removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

Million-Duncan

The marriage of Miss Hatie Lee Million and Mr. Robert E. Duncan, of Lawrenceburg, and Toledo, Ohio, was solemnized at "Sunnyside" the home of the bride's parents, Mr. and Mrs. B. B. Million Wednesday afternoon at 4 o'clock in the presence of the two immediate families. The ceremony was performed by Dr. Homer Carpenter in the living room, an improvised altar of ferns and roses adding greatly to the beauty of the scene. The ring ceremony was used. The bride and groom entered to the strains of Lohengrins, rendered by Mrs. Cecil Thorpe, sister of the bride. Miss Million was unusually pretty in a very becoming gown of flesh colored beaded georgette crepe, her corsage of sweetheart roses, and maiden hair ferns. Immediately after the ceremony she donned an exquisite tailored suit of midnight blue, taupe hat with gloves and shoes of the same shade. Mrs. Duncan is the younger daughter in the home, is admired for her sunny disposition and many beautiful traits of character, and is deservedly popular with a host of friends. Mr. Duncan, the only son of Mr. and Mrs. W. M. Duncan, of Lawrenceburg, is assistant engineer in charge of field construction of new refinery for Standard Oil Company, Toledo, Ohio. He is a graduate of Auburn Technical College, Alabama, and a member of the Phi Delta Theta Fraternity. He enlisted at the beginning of the war and was commissioned First Lieut. of Infantry in the regular army. Preceding the ceremony a deliciously prepared luncheon was served. They were the recipients of many lovely gifts, one of which was a substantial check from the bride's father. Following the ceremony the couple went by motor to Lexington from there they will take a brief wedding trip, returning will make their home in Toledo.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

She writes further: "I am in splendid health. . . can do my work. I feel I owe it to Cardui, for I was in 'dreadful condition.' If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial."

continue there for two days, the final exhibition being given Dec. 19; the picture will be projected twice daily, matinee presentations beginning at 2 and 3:45 and the evening shows at 7 and 8:40. "The Unpardonable Sin" will unquestionably attract to local theatres a class of patrons which have been inclined to scoff at the moving picture means of telling a dramatic story. Reviews of the picture which have been printed in other cities emphasize the fact that here is one of the few photoplays ever produced that "starts out to do something and does it."

In no sense is "The Unpardonable Sin" a preachment. It is an absorbing tale of love and adventure, with incidents of the world war as a background. And yet, those seriously inclined, will find from the manner in which the

action is presented, much of a philosophical nature to interest

them. The titles for the big production are a clever combination of the clear, straight-forward statements which help the action of the story and footnotes from the writings of Nietzsche, the mad European philosopher, whose doctrines are said to have largely contributed to the horrors of the recent conflagration on the other side of the Atlantic. Just how impossible were the teachings which emanated from this crooked brain, and how terrible would be the final results were these teachings followed, are indelibly impressed by this remarkable picture.

"The Unpardonable Sin" was completed on the Pacific Coast only a few weeks ago having been in the process of production for many months. It is from the book by the same title written by Major Rupert Hughes. Supporting Blanche Sweet, the star whose return to the screen will be welcomed by myriads of admirers throughout the world, are Matt Moore, Wallace Berry, Mary Alden and other well known photo-players who combine to make a company of unusual excellence.

The Lexington Tobacco Market opened Tuesday with all the larger buyers represented and with a good market that got stronger as the sales progressed. At the close of the day the market on some grades was higher than at any time last year.

Sales started at our No. 1 House after the noon recess and were uncompleted, leaving about 75,000 pounds to be sold Wednesday. We sold 117,735 pounds for \$73,848.24, an average of \$68.70. This, so far as we know, is a record sale for burley tobacco. There were no rejections. Some of the better crops on this sale were as follows:

Carrick and Brown, Scott county	4455 pounds	Average \$88.30
Headley and Anderson, Fayette county	2885 pounds	Average \$86.45
Headley and Maxwell, Fayette county	9230 pounds	Average \$82.60
Christian and Sherrod, Fayette county	1495 pounds	Average \$76.80
Hugh Mobley, Garrard county	1375 pounds	Average \$75.60
Stanhope and Anderson, Fayette county	3095 pounds	Average \$73.80
Hall and Wainscott, Scott county	3530 pounds	Average \$73.30
Headley and Stubblefield, Fayette county	5475 pounds	Average \$76.35
R. L. and J. James, Fayette county	7805 pounds	Average \$71.20

Nuckols and Cox, Woodford county	5410 pounds	Average \$66.80
Carrick and Lynn, Scott county	5425 pounds	Average \$66.50

We have two houses so can take care of you at any time. Our stockholders are all farmers and growers of tobacco and we run our House strictly on a commission basis. The past season we sold more tobacco per square foot of floor space than any warehouse in Lexington and on over four million pounds sold we averaged \$40.68. There is no question in our minds but that it pays to sell your tobacco on the Lexington market regardless of any small inconvenience or expense it might be to you. Special attention to trucks. Baker, the best auctioneer in town, works exclusively for us.

Talk Into Your Telephone

There are two ways to make a telephone call and to carry on a telephone conversation.

The **wrong** way is to mumble the number to the operator, to be inattentive to her repetition, and then, when you get the connection, to talk **at** your telephone without regard to its distance from your lips.

The **right** way is to give the number to the operator **clearly and distinctly**, to listen for her repetition of the number and **acknowledge** it, and then to talk **directly into** the telephone, with your lips close to the transmitter, giving your whole attention to the telephone conversation.

The **right** way will help you to get even quicker and more accurate connections and will make your telephone conversations more efficient.

Always talk **DIRECTLY** into your telephone

SOCIAL AND PERSONAL

Blanton-Buckner

The most brilliant event of winter's social calendar was the marriage of Miss Elizabeth Miller Blanton and Mr. Benjamin Forsythe Buckner which was solemnized Wednesday afternoon at five o'clock at the home of the bride's father, Mr. Edgar Blanton, the Rev. R. L. Telford officiating. Miss Laura Blanton was the maid of honor, and Mr. Sidney Johnson, of Mt. Sterling, the best man. The bridal party entered the drawing room to the strains of Mendelssohn's wedding march, the ceremony being performed in front of an altar banked with palms and ferns, studded with lights and flanked by tall bronze candelabra. The walls of the room were hung with southern smilax and numerous silver baskets of ophelia roses were placed on rare old pieces of mahogany furniture.

The bride who has been a noted beauty and belle since her debut, several years ago, never looked more charming than in her wedding gown, an exquisite creation of flesh colored georgette, embroidered in pearls with a corsage bouquet of orchids. She wore a wonderful bracelet, an heirloom which had been used by the brides of the Blanton family for four generations and carried a point-lace handkerchief which had belonged to her great grandmother.

Miss Laura Blanton gown in green satin with an overdress of silver lace and carried Mrs. Ward roses.

Mrs. Dorothy Perry, who presided at the punch bowl was chic in an apple green tulle.

The ceremony was followed by a reception for the bridal party, the immediate families and a few friends.

Mr. and Mrs. Buckner motored to Lexington where they made evening train for New Orleans. After a few weeks in the south, they will be at home to their friends at Xalapa.

Among the out of town guests were: Judge and Mrs. Emmett Dixon, Major and Mrs. Whipple, of Paris; Mr. and Mrs. Strauder Goff, Miss Sara Buckner, Dr. and Mrs. Howard Lyon, Miss Mary Ann, Mrs. John Reese, Miss Julia Graves, Miss Katherine Nelson, Mr. and Mrs. Thos. Hampton, and Miss Stanley Jackson, of Winchester, Mr. Sidney Johnson, of Mt. Sterling, Mrs. Aubrey Cossar of Louisville, and Mrs. Meinerts, of Holland, Mr. Wood Buckner, Mr. and Mrs. Will Simms and Miss Lucy Simms, of Paris.

The Woman's Missionary Society of the First Baptist church will meet with Mrs. Shelton Sauley Friday afternoon at 2:30.

The Missionary Society of the First Presbyterian church will meet with Mrs. M. A. Lynn at Sullivan Hall Friday afternoon at 3 o'clock.

Mr. and Mrs. Smith Brumfield, of Big Hill avenue are rejoicing over the arrival of fine boy Wednesday, Dec. 9th.

Miss Annie Poage, of Ashland, a leading newspaper woman of the South, was appointed by Governor Black as aide-de-camp on the Governor's staff, with power to discharge any duty of the office. Miss Poage was an active writer in all war work.

Efforts are being made to organize a new bank in Mt. Sterling. One of the men back of the movement said that the bank would have a capital of \$100,000.

INTERCHURCH
MEETING CLOSES

Three-Day Training Conference Addressed By Various Speakers

Lexington, Ky., Dec. 10—The three-day training conference of the Interchurch World Movement at Central Christian church which has been attended by laymen and ministers from many Protestant churches of Central and Eastern Kentucky came to a close this afternoon.

This evening there was a special conference between the Rev. Arthur O. Stockbridge, of Baltimore, rural supervisor of the Interchurch organization and representatives from each county in this section who are conducting county surveys. The survey now in progress is very thorough in its nature and includes social and economic, as well as religious, conditions.

A conference similar to the one just closed in Lexington is to be held in Louisville, Dec. 17, 18, and 19. The team of instructors there will be J. W. Cochran, of Detroit; George C. Maby, of Philadelphia; F. W. Barnham, of Cincinnati; J. Campbell White, Mrs. Helen Montgomery, of Rochester, N. Y.; David McConaughy, of New York City; and Mrs. E. H. Silverthorne, of Chicago.

This morning Dr. McConaughy discussed the question of stewardship and Dr. E. J. Culbreth, had as his subject "The Enlistment and Training of Life." This afternoon Dr. W. S. Lockhart spoke on "The Enlargement and Adaptation of Denominational Programs," and Dr. McConaughy closed the conference with an address on the "The Organization of the Individual Church."

At the session Tuesday evening the Rev. Joseph Vance lectured upon the question of education. Some of the interesting statements he made follow:

"America must learn how to make intelligence and righteousness co-extensive. In some ways we must put the religious quality into our schooling, from kindergarten to university, and give spiritual significance and God consciousness to our whole educative process.

"To meet this need, the Interchurch Movement is creating an adequate program. Some of its salient features are:

"1—To secure and train an army of religious teachers, both professional and voluntary.

"2—To create a curriculum for all grades of church schools, and both strengthen and utilize the educational program of each local church.

"3—To accompany this with parental training courses in the home."

"4—To establish week-day and vacation time schools of religion, and bring both parents and pupils to regard this part of their education as of first importance.

"5—To create community progress of religious education thru which the church will use music, art, drama and play as agencies to spiritualize the ideals of the whole community."
